

Hints for papers conversion

The IEEE PDF eXpress serves for converting the original MS Word (.DOC) file into the IEEE Xplore compliant .PDF file. It does not change the paper formatting. Therefore, you will need a formally and factually correct .DOC file.

Before converting the original file it is necessary to add the following **copyright notice** to the **bottom of the first page** of your source document - font **Times New Roman, size 10 pt, left justified**:

ISBN 978-80-261-0722-4, © University of West Bohemia, 2018

Conversion

1. Create your IEEE PDF eXpress account. Go to the IEEE PDF eXpress site at <http://www.pdf-express.org/plus/>.
2. Click on the link "New Users - Click Here" and fill in your information. You will need the Conference ID which is "43432XP". You will get confirmation of account creation by e-mail.
3. For each conference paper, click on "Create New Title".
4. Upload your source file in MS Word (DOC) format for conversion; you will get e-mail confirmation of file receipt.
5. You will receive the IEEE PDF eXpress-generated PDF through your IEEE PDF eXpress account. Your paper will get a unique ID code as the file name. Review PDF to ensure that it views on screen and prints as you intended. **Download** the .pdf file. **Check** it carefully. If necessary, revisions of the source file may be submitted repeatedly (10 times).

It is also possible to check the PDF file for IEEE Xplore-compatibility. If a PDF is submitted, you will receive an email stating that PDF Passed or Failed the Check. If the PDF fails, a PDF Check report is attached to the email.

When you have an acceptable, IEEE Xplore-compatible PDF, **submit** this final PDF to the conference AE 2018 at <http://appel.zcu.cz/> and **DO NOT change** the file NAME (i.e. its ID code generated by PDF eXpress). Submit your converted paper using the same paper's number which was delivered to you during the first submission to AE. Deadline for submission of IEEE Xplore-compatible papers is **June 30 AT LATEST**.

Please note that the papers which are not IEEE Xplore-compatible and AE template compatible WILL NOT be published in AE 2018 Proceedings, and will not be included in IEEE Xplore submission. Please contact us immediately in the case of any difficulties at info@appel.zcu.cz.
