

## AE Seminars and excursions

*Seminars and excursions are organized on the last conference day as an optional event. The excursions are focused on the topics globally named as "Technical skills of our predecessors and their influence on people and nature". Participants have the opportunity to see remarkable country sceneries and technical and historical monuments.*

The excursion at the occasion of AE 2018 will be focused on the famous Czech industry – glass industry. This branch, existing in the Czech country for over two centuries, belongs partly to the industry and partly to the art. The products of Czech glassworks are internationally recognized for their high quality, craftsmanship, beauty and innovative design.

Among several centers of the glass industry, we selected the Moser Company in Karlsbad. During the excursion to glassworks we will see the glassmakers at work.

Also very interesting will be a large exposition in the Moser glass museum showing a 160-years history.

After the excursion we will travel by bus and later by a cable railway to the hill above the Karlsbad with a good view of the Spas. The restaurant "Diana" will offer good meals and comfort.

After our way back – again by the cable railway – we will have some time for sightseeing in the Spas. The bus will be waiting at the near parking and will take us back to Pilsen.

The price for the excursion is 30 EUR, which covers transport, entrance fees, and lunch. The payment can be done either together with the conference fee, or separately at the conference desk.

In any case, we need your registration to the excursion so that we can order a bus and places at the excursion and in the restaurant. Please send your confirmation **as soon as possible** to the conference mail [appel@fel.zcu.cz](mailto:appel@fel.zcu.cz).
