

Hints for papers conversion

The IEEE PDF eXpress serves for converting the original MS Word (.DOC) file into the IEEE Xplore compliant .PDF file. It does not change the paper formatting. Therefore, you will need a formally and factually correct .DOC file.

Before converting the original file it is necessary to add the following **copyright notice** to the **bottom of the first page** of your source document - font **Times New Roman, size 10 pt, left justified**:

979-8-3503-3554-5/23/\$31.00 ©2023 IEEE

Create your IEEE PDF eXpress account.

1. Go to the IEEE PDF eXpress site at <https://ieee-pdf-express.org/>
2. Enter the following:
 - **58099X** for the Conference ID
 - your email address
 - a password
3. Continue to enter information as prompted. An Online confirmation will be displayed and an email confirmation will be sent to you verifying your account setup.
4. Convert your paper(s). Upload your source file in MS Word (DOC) format for conversion.

You will receive the IEEE PDF eXpress-generated PDF through your IEEE PDF eXpress account. Your paper will get a unique ID code as the file name. Review PDF to ensure that it views on screen and prints as you intended. **Download** the .pdf file. **Check** it carefully. If necessary, revisions of the source file may be submitted repeatedly (10 times).

It is also possible to check the PDF file for IEEE Xplore-compatibility. If a PDF is submitted, you will receive an email stating that PDF Passed or Failed the Check. If the PDF fails, a PDF Check report is attached to the email.

When you have an acceptable, IEEE Xplore-compatible PDF, **submit** this final PDF to the conference AE 2023 at <http://appel.zcu.cz/> and **DO NOT change** the file NAME (i.e. its ID code generated by PDF eXpress). Submit your converted paper using the same paper's number which was delivered to you during the first submission to AE. Deadline for submission of IEEE Xplore-compatible papers is **June 16**.

Please note that the papers which are not IEEE Xplore-compatible and AE template compatible WILL NOT be published in AE 2023 Proceedings, and will not be included in IEEE Xplore submission. Please contact us immediately in the case of any difficulties at info@appel.zcu.cz.
